Place, date
Signature (authorised signatory):
Printed name

*Requirements for LEI code for legal entities

Legal Entity Identifier (LEI) is a global identification code for legal entities. As of January 3, 2018, legal entities must have a LEI code to be able to make a securities transaction. If such code is not available, Carnegie may be prevented from executing the transaction for the legal entity in question. Legal entities who need to obtain a LEI code need to apply for a LEI code from one of the suppliers available on the market. Remember to apply for registration of LEI code in good time because the code is required on the application form. More information on the LEI requirements can be found on Sweden's financial supervisory authority's (Swe. Finansinspektionens) website www.fi.se

**Requirements for NID number for natural persons

National Client Identifier (NID) is a Global Identification Code for Individuals. As of January 3, 2018, all natural persons have an NID number and this need to be stated in order to make a securities transaction. If such a number is not specified, Carnegie may be prevented from executing the transaction for the person in question. If you only have Swedish citizenship, your NID number is "SE", followed by your Civic number. If you have more or anything other than Swedish citizenship, your NID number may be any other type of number. For more information on how to obtain NID, please contact your bank office. Remember to find out your NID number in good time, because the number must be stated on the application form.
